

higher learning, a governmental research center or an established government funded private research center located within the countries identified in § 123.16(b)(10)(i) of this subchapter; and

(iii) Limited to discussions on assembly of any article described in § 123.16(b)(10) of this subchapter and or integrating any such article into a scientific, research, or experimental satellite.

(2) The exemption in paragraph (d)(1) of this section, while allowing accredited U.S. institutions of higher learning to participate in technical meetings with foreign nationals from countries specified in § 123.16(b)(10)(i) of this subchapter for the purpose of conducting space scientific fundamental research either in the United States or in these countries when working with information that meets the requirements of § 120.11 of this subchapter in activities that would generally be controlled as a defense service in accordance with § 124.1(a) of this subchapter, does not cover:

(i) Any level of defense service or information involving launch activities including the integration of the satellite or spacecraft to the launch vehicle;

(ii) Articles and information listed in the Missile Technology Control Regime (MTCR) Annex or classified as significant military equipment; or

(iii) The transfer of or access to technical data, information, or software that is otherwise controlled by this subchapter.

[58 FR 39310, July 22, 1993, as amended at 65 FR 45284, July 21, 2000; 66 FR 35900, July 10, 2001; 67 FR 15101, Mar. 29, 2002]

#### **§ 125.5 Exemptions for plant visits.**

(a) A license is not required for the oral and visual disclosure of unclassified technical data during the course of a classified plant visit by a foreign person, provided (1) the classified visit has itself been authorized pursuant to a license issued by the Office of Defense Trade Controls; or (2) the classified visit was approved in connection with an actual or potential government-to-government program or project by a U.S. Government agency having classification jurisdiction over the classified defense article or classified technical

data involved under Executive Order 12356 or other applicable Executive Order; and (3) the unclassified information to be released is directly related to the classified defense article or technical data for which approval was obtained and does not disclose the details of the design, development, production or manufacture of any other defense articles. In the case of visits involving classified information, the requirements of the Defense Industrial Security Manual (Department of Defense Manual 5220.22M) must be met.

(b) The approval of the Office of Defense Trade Controls is not required for the disclosure of oral and visual classified information to a foreign person during the course of a plant visit approved by the appropriate U.S. Government agency if (1) the requirements of the Defense Industrial Security Manual have been met, (2) the classified information is directly related to that which was approved by the U.S. Government agency, (3) it does not exceed that for which approval was obtained, and (4) it does not disclose the details of the design, development, production or manufacture of any defense articles.

(c) A license is not required for the disclosure to a foreign person of unclassified technical data during the course of a plant visit (either classified or unclassified) approved by the Office of Defense Trade Controls or a cognizant U.S. Government agency provided the technical data does not contain information in excess of that approved for disclosure. This exemption does not apply to technical data which could be used for design, development, production or manufacture of a defense article.

#### **§ 125.6 Certification requirements for exemptions.**

(a) To claim an exemption for the export of technical data under the provisions of this subchapter (e.g., §§ 125.4 and 125.5), the exporter must certify that the proposed export is covered by a relevant section of this subchapter, to include the paragraph and applicable subparagraph. Certifications consist of clearly marking the package or letter containing the technical data “22 CFR [insert ITAR exemption] applicable.” This certification must be made in
